Subject: S.B. 650- Oppose

Dear Judiciary Committee Members,

I am writing to express my opposition to S.B. 650. 'AN ACT CONCERNING TEMPORARY RESTRAINING ORDERS', I ask that you Oppose the removal of Firearms, Ammunition, and related Permits/Certificates based on an Ex Parte application and PRIOR to having a hearing in front of a judge in its current form because of the onerous process, specifically the length of time to obtain the return of legally owned firearms and the Connecticut State Pistol/Long Gun Permit if the Ex Parte is not granted.

If language could be included to address this significant issue by establishing a reasonable time limit of two to four weeks for the return of the personal property and permit if a permanent Ex Parte is not issued, I would be able to support this bill.

I believe this is a reasonable modification that would satisfy all parties.

Thank you for your time and service to Connecticut.

Respectfully,
Ivan Bailey
